Everdell

Rules of Play

A NEW YEAR BEGINS...

Within the charming valley of Everdell, beneath the boughs of towering trees, among meandering streams and mossy hollows, a civilization of forest critters is thriving and expanding. Ever since famed adventurer Corrin Evertail discovered the hidden realm long ago, the citizens have prospered under the shelter of the enduring Ever Tree.

From Everfrost to Bellsong, many a year have come and gone, but the time has come for new territories to be settled and new cities established. You will be the leader of a group of critters intent on just such a task. There are buildings to construct, lively characters to meet, events to host–it will be a busy year! Will the sun shine brightest on your city before the winter moon rises?

Prepare to be enchanted by the wondrous world of Everdell. Once you are here, you might never, ever, want to leave.

"Everdell"

Wandering the woods
Gathering the stones
Wearing in the path
That leads to our home
Laying down the floors
Raising up the walls
Working through the days
Winter through to fall

And we'll play down
Where the grass is thick
From the river drink
See stars come out to meet us
When all I need to do
Is be near to you
In the evening breeze
By the Ever Tree

Farmer in the field
Miner in the mud
King up in his castle
With berry blue blood
Schoolhouse in a tree
Chapel in a stream
We are side by side
Building up our dream

And we'll lay down
Where the grass is thick
From the river drink
See stars come out to meet us
When all I need to do
Is be here with you
'Neath the changing leaves
Of the Ever Tree

OVERVIEW

In *Everdell*, you will be deploying workers to various locations on the board in order to gather resources, which you will use to play cards faceup in front of you, forming your own woodland city.

Each turn you will perform only one of three possible actions:

- Place a Worker
- Play a Card
- Prepare for Season

You may place one of your workers on any location, so long as it is not blocked by another player (unless the location allows for multiple workers). Immediately claim the listed resources or perform the action.

To play a card, you must pay the listed cost of resources. Cards may be played either from your hand, or from the area of faceup cards on the board called the Meadow.

If all of your workers are deployed, you may prepare for the next season by bringing back all of your workers, gaining a new worker(s), and performing the action described for the following season.

A player is finished when they have played through the last season and cannot perform any more actions. After all players have finished, the player with the most points is the winner.

CONTENTS

1 Game Board

4 Basic Event Tiles

24 workers (6 per player)
Hedgehogs, Mice, Squirrels, Turtles

Point Tokens (10 3-point, 20 1-point)

20 Occupied Tokens

1 8-sided die
(For Solo Game)

128 Critter & Construction Cards

11 Forest Cards

16 Special Event Cards

1 Victory Card

30 Berries

30 Twigs

25 Resin

20 Pebbles

1 Ever Tree

Legend

Gain: take listed resource or point tokens from the general supply.
Pay: place listed resources from your supply into the general supply.
Draw: take a card from the top of the deck and add it to your hand.
Reveal: reveal cards from the deck for all players to see.

Point token	End of game points	Card	Twig	Resin	Pebble	Berry	Any resource

SETUP

1) Place the board on the table. Place the Ever Tree on the stump at the top of the board.

2) Place the twigs, resin, pebbles, and berries in piles along the bank of the river. Place the point tokens and occupied tokens beside the board.

3) Shuffle the Forest cards and place them on the forest clearings. Use 3 cards for two players, or 4 cards for three or four players. Put the remaining cards back in the box.

4) Place the 4 basic Event tiles along the river, then shuffle the special Event cards and place 4 special Events on the lower branches of the Ever Tree. Put the remaining special Events back in the box.

5) Shuffle the main deck and randomly place 8 cards faceup in the Meadow. Place the deck inside the Ever Tree.

6) Each player chooses a color and starts with 2 workers of that color. The first player will draw 5 cards from the deck, the second player 6 cards, the third player 7 cards, and the fourth player 8 cards.

7) Each player places their 4 other workers on the upper branches of the Ever Tree: 1 worker on spring, 1 on summer, and 2 on autumn.

The most humble player goes first.

HOW TO PLAY

Play proceeds clockwise. You will take turns performing one of the following actions. These actions may be performed in any order, but only one action may be taken per turn.

Place a Worker
or Play a Card
or Prepare for Season

PLACE A WORKER

Your workers are necessary for the expansion and success of your city. You will be deploying them to various locations in Everdell in order to gather resources, draw more cards, host events, or perhaps to embark on a journey.

There are two types of locations: exclusive and shared (portrayed with an open encircling ring). Only 1 worker may visit an exclusive location. Multiple workers, even of the same color, may visit a shared location.

EXCLUSIVE SHARED

To visit a location, place one of your workers on any available symbol and immediately take the listed resources or perform the action. That worker is then considered deployed to that location until you bring them back with the Prepare for Season action.

Example: Placing a worker on this location lets you draw 2 cards from the deck and gain 1 point token.

LOCATIONS TO VISIT INCLUDE

BASIC LOCATIONS

FOREST LOCATIONS

These are varied and generally more powerful locations that you can visit. In a two or three-player game, there is room for only 1 worker on each Forest location. The location spots with the symbol are only available in a four-player game. However, you may not place 2 of your own workers on a single Forest location.

Destination Cards

You may place a worker on any Destination card in your city, or on a Destination card in another city that has an OPEN symbol, in which case the owner of the Destination gains 1 point token **from the supply.**

Events

Grand Tour requires your city to contain 3 Destination cards.

Pristine Chapel Ceiling requires your city to contain Woodcarver and Chapel.

You may also place 1 of your workers on any remaining basic Event or special Event to achieve it. To achieve the Event, you must meet all the listed requirements on the Event, and must pay any required resources at the time you place your worker there. Only one player may achieve each Event. You have to be able to achieve the Event to place a worker on the Event. You get the worker back like normal next season.

Achieved Events should be placed beside your city for scoring at the end of the game. Note: You do not have to return your achieved Events if the required cards are later removed from your city.

Haven

The Haven location is a shared space. There is no limit to the amount of workers that may be placed on it, even of the same color. By going here, you may discard any number of cards from your hand, and gain 1 of any resource for every 2 cards you discard. Note: The discard pile is facedown.

Journey

In autumn only, you may send a worker on a Journey. You must discard cards equal to the listed points of the Journey location you choose. The 5-point, 4-point, and 3-point locations are exclusive, and the 2-point location is shared. The deployed worker is worth the listed points at the end of the game. You may send more than one worker on a Journey.

PLAY A CARD

You may play **one** card. To play a card, you must pay the listed requirements into the general supply. **Cards may be played from either the Meadow cards or from your hand.**

You will be playing these cards in front of you to form your city. There are two types of cards in the game: **Critters** and **Constructions**. You may have multiple copies of any Common card in your city, **but you may only have one specific copy of any Unique card.**

CONSTRUCTIONS

CRITTERS

You may pay the required cost in berries to play the Critter card, or if the Construction listed in the top left of the Critter card is already in your city, you may play the Critter card without paying the cost in berries.

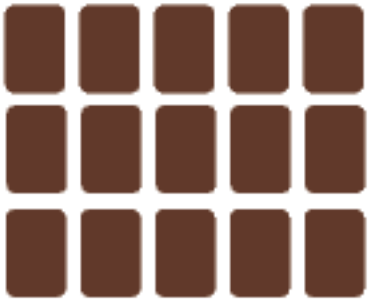

Important: When playing a Critter for free by using the related Construction, place an "Occupied" token on the Construction. You may only do this once per Construction.

Note: The occupied token is not removed from the Construction card if the free Critter is later removed from your city.

City

Your city has **a maximum of 15 spaces** to play cards into. Each card takes up 1 space. Recommended layout is 3 rows with 5 cards in each. Event cards do not count against this 15 card limit.

Suggested City Layout

Card Types

Tan Traveler: Activates once immediately when played. It never activates again.

Green Production: Activates once immediately when played, and once during the Prepare for Season actions in spring and autumn.

Red Destination: Activates when a worker is placed on it. Cards with the OPEN symbol may be visited by opponents.

Blue Governance: Grants you bonuses after playing certain card types, and offers different ways to play cards for a discount.

Purple Prosperity: Worth the base points and the listed bonus points at the end of the game.

Drawing Cards

Always draw cards from the deck, unless specifically told to draw them from the Meadow cards.

There is a **strict hand limit of 8 cards. You cannot ever have more than 8 cards in your hand.** If you get to draw cards, you can only draw up to 8, no more. If you are required to give cards to an opponent, you must choose an opponent who has room in their hand, if possible; give as many cards as possible, then discard any remaining.

If a Meadow card is *played*, **immediately replace it with a new card from the draw pile.** If an ability allows players to *draw* cards from the Meadow cards, **draw all cards first then replenish.**

If the deck ever runs out, shuffle the discard pile to form a new deck.

Timing

When a card is played, follow this sequence of actions, when applicable:

1. Use "card playing ability" (Dungeon, Judge, Innkeeper, etc).
2. Pay resources or use occupied token.
3. If the card comes from the Meadow, replenish the Meadow.
4. Place the newly played card in your city. (If the played card effect removes another card from your city, that card is removed immediately before the new card placement.)
5. Resolve newly played card effect.
6. Resolve triggered effects (Courthouse, Shopkeeper, etc).

PREPARE FOR SEASON

If you have placed all of your workers and you cannot play a card or do not wish to, then you must prepare for the next season. On your turn, bring back all of your deployed workers, then gain the listed bonuses for the next season, as shown atop the Ever Tree. After doing so, your turn is finished, and play continues with the next player.

Thematically the game begins in late winter and ends as the next winter approaches. Autumn is the last Prepare for Season action you may perform in the game.

Important: Players do not have to perform the Prepare for Season action at the same time.

Example: On your first turn, you place a worker on the 3 twig space and take the resources. On the following turn you place a worker on a Forest location to gain 1 twig, 1 resin, and 1 berry. On the next turn you play a Farm from your hand by paying the listed cost of 2 twigs and 1 resin; you immediately gain 1 berry from the Farm. On your next turn you play a Barge Toad from the Meadow by paying 2 berries, and then immediately gain 2 twigs from the Barge Toad because you have a Farm in your city.

On your next turn, you do not have enough resources to play any more cards, and all of your workers are deployed, so you prepare for the next season. You bring back your deployed workers, and then gain the bonus listed for spring: gaining one new worker from atop the Ever Tree, and activating all green Production cards in your city, which are your Farm and Barge Toad, immediately gaining you a berry and 2 twigs.

Dearest,

I walked to the bare lilac wood south of the farmhouse today and thought I'd pen you a letter. Forgive my sloppy scrawl — I gathered those seeds too late into the night, and the chilblains on my paws have not yet healed.

Are your paws warm enough? Are you keeping your whiskers clean?

The saplings are bent over with snow. The hearth needs tending, and the acorns need harvesting. Drifts fell down the chimney and filled the pantry house with wet, grey smoke. It reminded me of the first time you tried to build a fire. Do you recall how smoke from the green wood snaked all the way down to the chapel, and when you kissed me you tasted of ash?

The honeysuckle is taller than the house, now. There are no leaves left clinging to the trees, though I still cling to hopes of your return. I strung a garland of golden bells along the eaves, and the wind sings your name through them.

I remain yours,

Yara

When preparing for the next season, new workers from the Ever Tree join your growing city. Gain the corresponding worker(s) and activate the next season's listed bonus.

In spring, you gain 1 new worker and **activate all green Production cards in your city** in any order you choose.

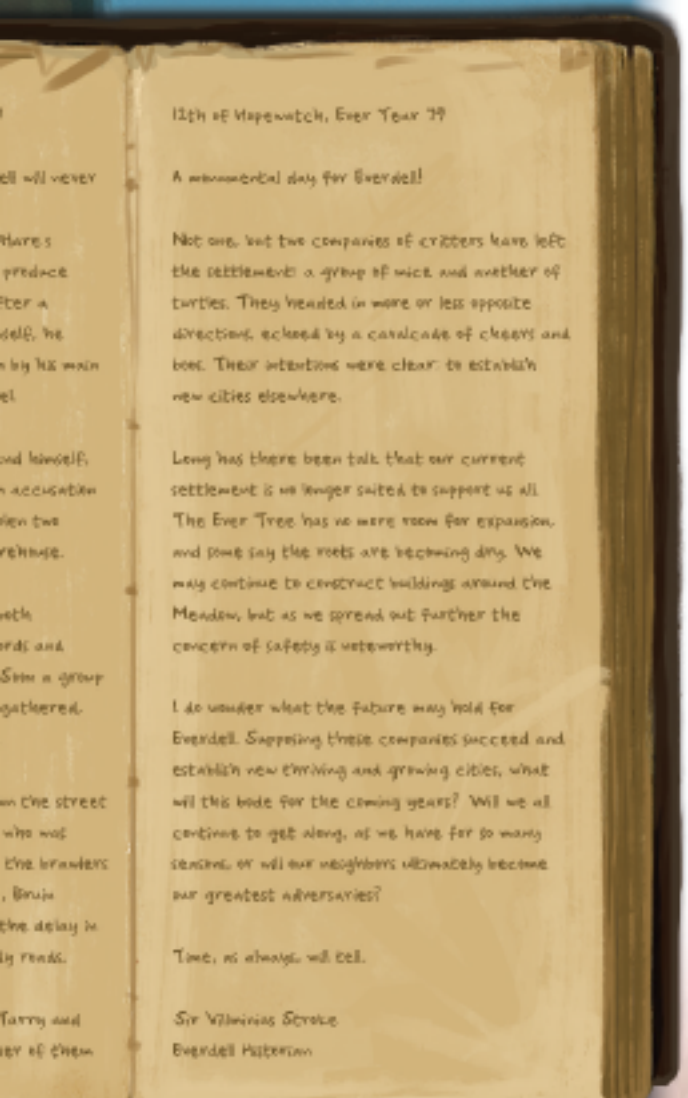

In summer, you gain 1 new worker. There is no Production in summer, but green cards still activate immediately if played during summer. Also, you may draw up to 2 Meadow cards when you prepare for summer.

In autumn, you gain 2 workers and **activate all green Production cards in your city.**

12th of Hopewitch, Ever Year 79

A monumental day for Everdell!

Not one, but two companies of critters have left the settlement: a group of mice and another of turtles. They headed in more or less opposite directions, echoed by a cavalcade of cheers and boos. Their intentions were clear: to establish new cities elsewhere.

Long has there been talk that our current settlement is no longer suited to support us all. The Ever Tree has no more room for expansion, and some say the roots are becoming dry. We may continue to construct buildings around the Meadow, but as we spread out further the concern of safety is noteworthy.

I do wonder what the future may hold for Everdell. Supposing these companies succeed and establish new thriving and growing cities, what will this bode for the coming years? Will we all continue to get along, as we have for so many seasons, or will our neighbors ultimately become our greatest adversaries?

Time, as always, will tell.

Sir Wilhelmus Strole
Everdell Historian

END GAME

When you have reached the end of autumn and cannot perform any more actions (or do not wish to), you have finished the game and must pass. If a player has passed, they cannot be given any cards or resources. If cards or resources have to be given to a player and all other players have passed, discard instead.

Any unfinished players continue playing until all players have passed. Then add up all points to determine the winner.

You may find it easiest to add up the base value of each card, then come back and add up point tokens, purple Prosperity card bonuses, Journey points, and Events.

If there is a tie, the player who achieved the most Events wins. If there is still a tie, the player with the most leftover resources is the winner.

SCORING EXAMPLE (PAGE 14)

Base points for cards: 22
Point tokens: 14
Prosperity card bonus points: 10 (3 for Wife, 2 for Architect, 5 for King)
Journey points: 4
Events: 12 (6 for Performer in Residence, 3 for Ministering to Miscreants, 3 for Grand Tour)

Total: 62

SOLO RULES

When playing *Everdell* solo, you will be competing against a cantankerous old rodent known as Rugwort and his pack of rowdy, rambunctious, rat ruffians. He will be returning to Everdell for three years in a row, each time bearing a new title of nastiness. You must find a way to overcome his dastardly tricks and rid Everdell of his filth once and for all!

The three years represent three levels of difficulty, and are not meant to be played back to back as one full game (though an adventurous critter might attempt such a feat).

YEAR 1: "RUGWORT THE RASCAL"

Select a player color for Rugwort (he prefers black) and set up the game according to the two-player setup. You have a starting hand of 5 cards, and Rugwort does not have a hand of cards.

Take one of Rugwort's workers and place it on the top-left Forest card, blocking it. Place his other worker on the 3 twig Basic location, blocking it.

Play the game as normal with these new rules:

Any time after you play a card, Rugwort gets to play a card. If you played a Meadow card, first replenish the card.

To play Rugwort's card, roll the 8-sided die; the number rolled will determine which of the 8 Meadow cards Rugwort gets to play into his city. The cards are numbered 1-8, with the top-left being 1 and the bottom-right being 8. For Rugwort's city, place his cards in stacks according to color types so you can clearly see how many he has of each color. The card's ability and point value do not matter. Replenish the Meadow card after he has played his card. After you have performed the Prepare for Season action, Rugwort immediately performs his Prepare for Season action, which consists of these steps:

1) Check to see if he has enough of the colored cards in his city to achieve any of the four basic Events. If so, place that Event(s) in his city.

2) Take his new worker and place it on the #1 Meadow card (#2 for summer, and #3 & #4 for autumn), so by the end of the game he will have a worker on the top 4 Meadow cards. You cannot play these cards anymore, but Rugwort still can.

3) Moving counter-clockwise, move his worker to the next Forest card.

During the spring Prepare for Season action, move his worker from the 3 twigs location to the 2 resin location. During summer, move his worker to the 1 pebble location. During autumn, move his worker to the 1 berry and 1 card location.

In autumn, remove his worker from the 3rd Forest location and place it instead on the 3-point Journey space.

SCORING

Rugwort will score: 2 points per card in his city (3 points for each purple Prosperity card), 3 points for each basic Event he achieved, 3 points for each special Event that you did not achieve, 3 points for his worker on Journey, and any point tokens that you gave him.

Year 2: "Rugwort the Rotten"

Same rules as Year One with these additional rules:

Place his worker on the 4-point Journey space instead of the 3.

Rugwort gains 6 points for every special Event that you did not achieve, instead of 3.

Year 3: "Rugwort the Rapscallion"

Same rules as Year Two with these additional rules:

Place his worker on the 5-point Journey space instead of the 4.

During Rugwort's autumn Prepare for Season action, he kidnaps one of your workers! Do not move his worker to the 1 berry and 1 card space—instead remove his worker and one of your workers from the game. Now you will only have 5 workers to use for the last season of the game.

Beat him in Year Three and the bards of Everdell sing of your triumph! The historian records your victory to be preserved and remembered for all time! The old rat Rugwort skulks away, leaving Everdell in peace... for now.

Notes

- Rugwort may have more than 15 cards in his city.
- Any Meadow card that one of Rugwort's workers is on is totally blocked and cannot be played, drawn, or discarded by you.
- If you are required to give an opponent cards or resources, discard them instead.

INDEX

CRITTERS

Architect: At game end, worth 1 point for each of your leftover resin and pebbles, up to 6 points total.

Bard: Discard up to 5 cards from your hand, to gain 1 point token for each card.

Barge Toad: When played and during Production, gain 2 twigs for each Farm in your city.

Chip Sweep: When played and during Production, activate any 1 green Production card in your city. We know what you are thinking, and we do not recommend it. By the time the poor thing caught his tail, he'd burned a hole straight through our table. Do not ask him to do that.

Doctor: When played and during Production, you may pay up to 3 berries to gain 1 point token for each berry.

Fool: The Fool is played into an empty spot in an opponent's city. Stinks, don't it? The fool may even be played into an opponent's city if that opponent has already finished the game! Solo Game: Rugwort can play the Fool into your city. If you play the Fool, discard the Fool and remove any 1 card from his city.

Historian: Draw 1 card after you play a Critter or Construction–basically every time you play a card after you have this Historian, you get to draw a card (while observing the hand limit).

Husband: Shares a space with a Wife, so combined they only take up 1 space in your city. If you have a Farm in your City and this Husband is paired with a Wife, then this card gives you 1 of any resource when played and during Production. May only share a space with 1 Wife.

Innkeeper: When you play a Critter, you may discard this Innkeeper from your city to decrease the cost of the played Critter by 3 berries. You do not gain the 3 berries. This card cannot be combined with any other card-playing abilities including the Inn, any Forest locations that allow you to play a card, or cards like the Dungeon.

Judge: When playing a Critter or Construction, you may replace 1 of any resource from the listed cost with 1 of any other resource you have. Example: If a card costs 2 berries, you may pay 1 berry and 1 twig instead.

King: At game end, worth 1 point for each basic Event, and 2 points for each special Event you have achieved.

Miner Mole: When played and during Production, you may copy any 1 green Production card in any opponent's city. Basically the Miner Mole becomes that card for a moment–so if copying a General Store, you would receive 2 berries if that opponent also had a Farm in their city. You cannot use a Miner Mole to copy a Storehouse in another city. However, you can use a Miner Mole in your city to copy a Miner Mole in another city, then activate a Storehouse in your own city, placing the resources on your storehouse, not on the Miner Mole. Solo Game: You may copy any green Production card in Rugwort's city with the Miner Mole.

Monk: When played and during Production, you may give up to 2 berries to an opponent to gain 2 point tokens for each berry you give. Also unlocks the 2nd Monastery room.

Peddler: When played and during Production, you may trade up to 2 of your resources for 2 of any other resource. Trade with the general supply, not other players.

Postal Pigeon: When played, reveal 2 cards from the deck. You may immediately play 1 of these worth up to 3 points, for free. Discard the other. Solo Game: If you play a Postal Pigeon and activate its ability to play another card, that counts as you playing 2 cards, so on Rugwort's turn he will play 2 cards.

Queen: When you place a worker here, you may play any card from your hand or the Meadow cards worth up to 3 points for free. This refers to the base points of the card, not bonus points.

Ranger: When played, move any 1 of your deployed workers to a new location, following the normal worker placement rules. Also unlocks the 2nd Dungeon cell. You may not place the Ranger in the second cell of the Dungeon.

Shepherd: When played, gain 3 berries. Also gain 1 point token for each point token on your Chapel.

Shopkeeper: Gain 1 berry after you play a Critter into your city. Do not gain a berry for playing this Shopkeeper.

Teacher: When played and during Production, draw 2 cards. Keep 1 of them and give the other to any opponent that has room in their hand (see page 10, *Drawing Cards*).

Undertaker: When played, discard 3 of the Meadow cards, replenish those 3 cards, then draw 1 card from the Meadow. Also unlocks the 2nd Cemetery plot.

Wanderer: When played, draw 3 cards. The Wanderer does not take up 1 of the 15 spots in your city.

Wife: Shares a space with a Husband, so combined they only take up 1 space in your city. At game end, worth 3 points if paired with a Husband. May only share space with 1 Husband.

Woodcarver: When played and during Production, you may pay up to 3 twigs to gain 1 point token for each.

I always rejoice on the first of Bellsong, for it is a most wondrous day of charity and critterhood. For weeks leading up to this day of shared fortune, the townspeople of Everdell have been completing their harvests and stowing their crops for the coming winter. Today, those who have found themselves with more than they need have laid their bounty amongst the roots of the Ever Tree, so any who are not so lucky may take as they please. Children bobbed about the offerings, gleeful with the promise of full bellies. As I looked down into their eager faces, eyes as wide as ripe berries, I was reminded of Fables I-V:

Seek not to fill thy belly
Before thy neighbor's is full;
Give unto them, and you
Shall feast on the fruit of kindness
All your days.

Constructions

Castle: At game end, worth 1 point for each Common Construction in your city.

Cemetery: When you place a worker here, reveal 4 cards from the draw pile or discard pile and play 1 of them for free. Discard the others. Your worker must stay here permanently. Cemetery may only have up to 2 workers on it, but the second spot must be unlocked by having an Undertaker in your city.

Chapel: When you place a worker here, place 1 point token on the Chapel from the supply. Draw 2 cards for every 1 point token on the Chapel.

Clock Tower: When you play the Clock Tower, place 3 point tokens on it from the supply. Before you bring back your workers during a Prepare for Season action, you may return 1 point token from the Clock Tower to the supply and activate one of the Basic or Forest locations where you have a worker deployed. Any points left on the Clock Tower at game's end will count towards your point total.

Courthouse: Gain 1 twig, 1 resin, or 1 pebble every time you play a Construction into your city. You do not gain resources for playing this Courthouse.

Crane: When you play a Construction, you may discard this Crane from your city to decrease the cost of the played Construction by 3 of any combination of resources. You do not gain the 3 resources. This card cannot be combined with any other card-playing abilities including the Inn, any Forest locations that allow you to play a card, or cards like the Dungeon.

Dungeon: When you are playing a Construction or a Critter, you may place a Critter from your city beneath this Dungeon to decrease the cost of the played card by 3 of any combination of resources. You do not gain the 3 resources. The Critter in your Dungeon is no longer considered part of your city and is not worth any points. This card cannot be combined with any other card-playing abilities including the Inn, any Forest locations that allow you to play a card, or cards like the Crane or Innkeeper. Dungeon can only have up to 2 prisoners, but the second cell must be unlocked by having a Ranger in your city.

Ever Tree: At game end, worth 1 point for each purple Prosperity card in your city, including this Ever Tree. Ever Tree can grant 1 of any Critter for free.

Fair Grounds: When played and during Production, draw 2 cards.

Farm: When played and during Production, gain 1 berry.

General Store: When played and during Production, gain 1 berry or gain 2 berries if you have at least one Farm in your city (not 2 berries per Farm).

Inn: When you place a worker here, play a Critter or Construction from the Meadow cards for 3 fewer resources of your choice. You do not gain the 3 resources. You gain 1 point token if an opponent visits your Inn. Solo Game: You may visit the Inn in Rugwort's City and Rugwort gains 1 point token.

Lookout: When you place a worker here, copy any 1 Basic or Forest location, even if it is occupied by 1 of your workers.

Mine: When played and during Production, gain 1 pebble.

Monastery: When you place a worker here, give 2 of any resources to an opponent and then gain 4 points. The worker stays here permanently. Monastery can only have up to 2 workers on it, but the second spot must be unlocked by having a Monk in your city.

Palace: At game end, worth 1 point for each Unique Construction in your city, including this Palace.

Post Office: When you place a worker here, give an opponent 2 cards from your hand and then discard any amount of cards from your hand that you want. You must be able to give the 2 cards in order to place a worker here. Then draw cards from the deck up to your hand limit. You gain 1 point token if an opponent visits your Post Office. Solo Game: You may visit the Post Office in Rugwort's city and Rugwort gains 1 point token.

Resin Refinery: When played and during Production, gain 1 resin.

Ruins: When played, discard a Construction from your city and place this card in that spot, then receive back that Construction's listed cost in resources. Also draw 2 cards. If you use Ruins (or any other ability) to remove a card with point tokens on it, you lose those point tokens. If you remove a card with a worker deployed onto it that is not there permanently, place that worker on the Ruins. If they were there permanently, they are lost with the ruined card.

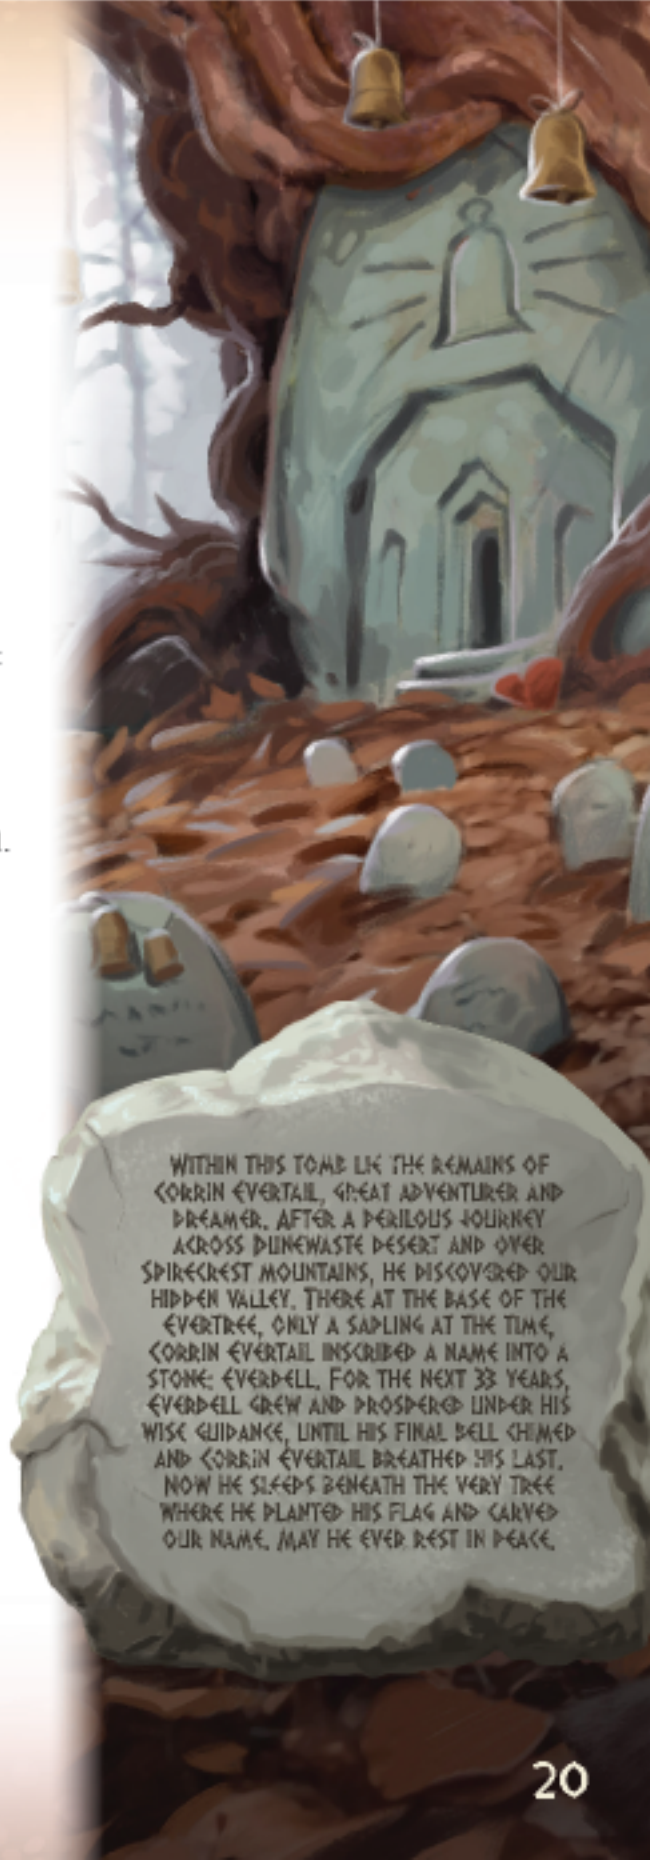

School: At game end, worth 1 point for each Common Critter in your city.

Storehouse: When played and during Production, take from the supply and place either 3 twigs, 2 resin, 1 pebble, or 2 berries on this card. Also works as a location to place a worker and take all of the resources on the card.

Theater: At game end is worth 1 point for each Unique Critter in your city.

Twig Barge: When played and during Production, gain 2 twigs.

University: When you place a worker here, discard 1 Construction or Critter from your city and receive back the listed cost of resources of the discarded card, plus gain 1 of any resource and gain 1 point. If you discard a card with point tokens on it, you lose those point tokens. If you discard a card with a worker deployed onto it that is not there permanently, place that worker also on the University (you cannot use it again until you Prepare for Season). If they were there permanently, they are lost with the discarded card.

Tale of the Standing Stones

As told by Poe the Legendary Storyteller

Long ago and far away in the land of Gildin, a young mouse gazed at distant mountains and wondered what lay beyond. His was a life of hardship and turmoil, as was true for many a critter during those darker times. There was nary a drop of honey or nibble of blueberry to be found, as any and every available provision had been used in the Serpent War, when brave critters gathered together to fend off the serpents of the Northern Wilds.

There among the poverty and desolation sat a mouse driven by dreams of hope. Corrin Evertail was his name. His father, a brave warrior, had lost his life to the war. With the news of his father's death, Corrin's mother passed away soon after, leaving Corrin an orphan on the dark streets of the port city of Stormwillow.

Many were his adventures and narrow escapes during those formidable years of his youth, but quick thinking and iron will—and not a small amount of providence—saw him through. He remembered dreams of better lands beyond distant mountains. He knew that such a journey could very well be the death of him, but there was no future for him in Stormwillow.

The time had come.

Of his few friends, he could convince three to travel with him. Together they set out on a cold Greensprout morning, wanderers seeking a land they were not even sure existed.

Many a story has been told of that long journey through Dunewaste desert and over the Spirecrest mountains. It was a harrowing

adventure that lasted for nine months and ultimately claimed the life of Corrin's dearest friend. But when the thread of hope that had pulled them through was at its thinnest, on the 19th day of Hopewatch, the adventurers crested a final peak and beheld the wonder that they had been seeking.

The sun was delighted that day as it broke apart the dark clouds that had frowned for so long, and shone its light upon the glorious emerald valley below. It was a land unspoiled by the stains of war and untouched by the devastation of greed.

After exploring the valley for many weeks, Corrin and his companions finally settled among the roots of what would one day be the monument of hope we know as the Ever Tree. He declared the valley to be Everdell, and spoke a blessing upon it.

Almost immediately after establishing a place to rest his head, Corrin set about erecting a monument to commemorate, and to never forget, the journey that was made to discover this sacred place.

They raised up nine white stones, each representing a month of their journey. Into these stones they carved memories, they carved hopes and dreams, and finally, a challenge for all of us who now enjoy such peace and comfort in our beloved realm.

These are the words of Corrin Evertail, etched into that stone and spoken now for us to never forget:

There is no sorrow too black for hope.
Even midnight gives way to the morning.
Seize the day and make it sing.
Let your bell ring forever loud and true.

Now go, go into the world, and let your life be a standing stone that will encourage and inspire others for many seasons to come.
